

# Book Launch

## Robotic Vision and Virtual Interfacings: Seeing, Sensing, Shaping

Edited by Luci Eldridge, Nina Trivedi

Celebrate the launch of *Robotic Vision and Virtual Interfacings: Seeing, Sensing, Shaping*, edited by Luci Eldridge and Nina Trivedi, published by Edinburgh University Press.

- Wednesday, 8th May, 2024
- 18:30 - 20:30 BST
- Dana Studio, Science Museum, 165 Queen's Gate, London, SW7 5HD

How do past and present technologies affect how we perceive the world and see things?

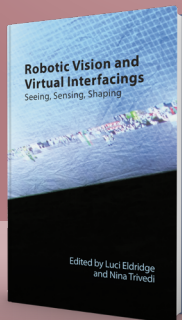

Join editors and chapter authors of this edited collection to discover the ways in which robotic vision facilitates a reshaping and reconstitution of our perception of the world.
